ASSISTED LIVING & MEMORY CARE

MEMORY CARE

Creating environments where moments of joy, independence, and wellness are the focus each and every day

Our Memory Care Mission

In *Garden House*, located on the second floor of Desert Gardens, we believe the best thing we can give the family of a loved one with Alzheimer's disease or related memory disorders is peace of mind. We do that by providing amazing, compassionate service; and creating an environment where moments of joy, independence, and wellness are the focus each and every day.

Our team is committed to providing care for the heart and spirit. It is the core of our mission to create joyful, fulfilling experiences for elders and an environment that allows many to remain at *Garden House* throughout their lives. Our staff, elders, and families are joined together through heartfelt emotions. Caring for and loving one another leads to a sense of well-being and understanding that reduces anxiety and enriches emotional life and memories.

Person Centered Service

Despite the progressive nature of Alzheimer's and other dementias, a person's independence, ability to function, and quality of life may be improved through the person centered service approach. The specialized programs include creative techniques, methods of intervention that significantly decreases problem behaviors, a special physical environment that promotes optimum functioning and meaningful moments of joy.

Our Memory Care Employees

Our community provides a family atmosphere where elders can enjoy themselves in an intimate dementia friendly setting. *Garden House* employees serve elders with mid to late stage dementia and we offer a variety of life enrichment programs to help each person enjoy life and maintain a sense of well-being. Loved ones are invited to join us for meals, and to celebrate holidays and special events with us at any time. We encourage families to visit often, and to decorate apartments with favorite belongings to encourage a familiar setting.

Family Support

We understand that Alzheimer's disease presents many challenges for family members. Our staff is always available for consultation. Families and friends are invited to our monthly support group. Educational resources are available to support family member relationships with loved ones. Those with memory loss flourish in an environment where they feel involved with the support of their family and friends.

Desert Gardens has created a world in *Garden House* where elders can succeed and achieve; where they are encouraged to function at their highest level, and where they may find a sense of belonging, companionship, and self esteem.

ASSISTED LIVING & MEMORY CARE

ASSISTED LIVING

Creating environments where moments of joy, independence, and wellness are the focus each and every day

Live your life with choice at Desert Gardens

Desert Gardens Assisted Living & Memory Care is located in downtown Hobbs. When you enter Desert Gardens, you feel at home in our warm and elegant living room, complete with a library where you may see welcoming faces playing cards, or reading a favorite book. Close by is a cozy TV room, where old and new movies are enjoyed.

Our spacious apartments are designed for those who enjoy the freedom of assisted living; freedom from cooking and cleaning, freedom to come and go as one pleases in an atmosphere that is kind, gracious, and secure, knowing someone is always at hand if help is needed.

Wonderful food, good friends

The charming dining room opens onto an interior courtyard where elders and families may enjoy the New Mexico sun year-round. Meals are served restaurant style, and if you have a favorite dish, let us know and we may make it one of our menu choices!

Pamper yourself

A full-service beauty/barber shop is conveniently located within the building. Men and women enjoy the pampering and friendship of our beautician.

Taking care of the people who took care of us

Our full-time RN leads a competent team of Resident Assistants who have been specially trained to assist you with dressing, bathing, laundry, housekeeping, or medication assistance. Whether you need a little assistance, or a lot—we are committed to taking care of the people who took care of us!

Enrich your life

Our dynamic Life Enrichment program features new adventures, exciting opportunities to learn, and wellness activities. Our programs help build meaningful friendships and improve self-esteem. Desert Gardens is where friendly faces and conversations are easy to come by; a place where independence, dignity, and privacy are respected; a place to call home!
